

Richard Baxter Best Memorials Competition
(Best Overall Individual Memorials)

The top five-ranked sets of memorials from the two preceding memorial competitions are included in the annual Richard Baxter Memorial Competition, which determines the best individual effort on the part of teams with respect to their Applicant and Respondent memorials. The memorials for the Baxter Competition are scored by category (A or R) by a set of experienced judges, and are scored only as against the other memorials in their respective Baxter Award field.

Rank	University	Score
------	------------	-------

Applicant Memorials

1.	University of Minnesota (USA)	115
